LATEST PROFESSIONAL EXPERIENCES

UX/UI Designer at Genera

oct 2021 • may 2022

I've worked on the design of the Design System, developed interfaces for the results platform and the website. In addition, through agile methodology, I created several components (and library), wireframes, mockups and also refined prototypes from iterations and user research.

Art Director at Degrau Publicidade

apr 2021 • oct 2021

As a team member at an agency specialized in the pharmaceutical sector, I supported the creative team, prototyped screens, created publications for social media and visual identities.

Designer at Brand Connect

apr 2016 • dec 2017, and again sep 2018 • apr 2021

It's an advertising agency, where I created websites and app prototypes, did video editing, created newsletters and landing pages. During this period, I had the opportunity to work with major clients such as PayPal, RedBull, Verizon, Yahoo, JBS and Banco BMG.

Web designer at Lions Marketing

jan 2018 • sep 2018

As a front end designer, I developed and maintained websites on the Wordpress platform, and created layouts, branding and visual identity for clients in the aesthetics sector.
